

POLICY # B.2.M

Southeast Board Policy Process

When the Board is developing or reviewing a new/revised policy, the Board must hear from the Director/Principal on the issues surrounding the need for the policy. After satisfactory information has been made available to the Board, the Board must have a motion to enact the new policy.

When there is no stated policy by the Board it will be at the discretion and judgment of the Director/Principal to make a decision in consultation with the Board chairperson.

The Board will at its earliest convenience establish a new policy where no policy exists.
