

Workplace Safety and Health

The Southeast College Board is committed to a system where individuals learn and work in a positive and safe environment. Southeast's facilities shall be a safe and healthy place to work and learn. Providing this environment is a responsibility shared by all staff and students who are expected to work together to ensure all activities are safe and healthy.

Southeast College shall establish and implement a Workplace Safety and Health Program that meets all the requirements of *The Workplace Health and Safety Act* and accompanying procedures.
