

Medical and Dental Appointments

Wherever possible, it is expected that employees will make personal medical and dental appointments outside of working hours

These leaves are a benefit for the full time and part-time employee's and is not for family members.

However, the Board recognizes that due to the specialized care in such cases, it is recognized that personal medical and dental appointments may require time away from work.

The Board will, therefore, permit employees to be paid to attend medical and dental appointments in accordance with the attached procedure.

Adoption Date: August 21/12	Revision Date: December 14, 2017
