

School Curricula

SEC is responsible for providing appropriate educational programs for all students. These programs are designed to foster academic, physical, social, and personal growth. The school is also responsible for ensuring that the student learning outcomes of the compulsory curricula, as outlined by Manitoba Education, form the basis for regular, alternative, special education, and language programs.

At the time of the call for financial budgets from teachers, an “updated” work plan must be completed. The Director/Principal is responsible to ensure curriculum is in accordance with Manitoba Education

The Director of Operations will use the document for budgetary purposes only.
