

School Based Final Exams

SEC school which offers, 10, 11 and 12 shall develop and administer a final examination in English Language Arts, Mathematics, Social Studies, and Sciences in each of these grades.

The purposes of these examinations include:

- ensuring students have mastered outcomes of the curriculum,
- providing students with validated credentials for transcripts,
- providing information to parents about their students achievement,
- preparing students for the skills required to write examinations.

There shall be no school-based examinations if Manitoba Education requires a provincial examination in that grade and subject.
