

POLICY # G.1.A

## **A Safe Learning, Living and Working Environment**

The primary goal of SEC is to provide the highest quality education possible for its students. In order to do this, the Board has established and maintains an environment that protects the dignity and well-being of its students and staff.

SEC is committed to providing an environment for students that fosters and maintains respectful and responsible behaviours and a safe and caring environment where individuals are respected, cared for and valued.

The Board wishes to ensure that the rights of all students are protected and that legislation protecting the rights of the individuals is abided by at SEC.
